Consumer Lending Policy

SYNTHETIC SAMPLE DOCUMENT - FICTIONAL DEMO CONTENT. Northwind Capital is an invented company created for demonstration purposes. This document does not describe any real product, customer or regulation.

- Document control: NW-LP-2024-07
- Document owner: Retail Credit Policy Committee
- Version: 4.2 (supersedes version 4.1)
- Effective date: 1 March 2024
- Next review date: 1 March 2025
- Classification: Internal - demo use only

This policy defines the eligibility criteria, required documentation, pricing and servicing standards for consumer lending products offered by Northwind Capital. It applies to all retail branches and to the direct channel. Where this policy conflicts with a signed customer agreement, the customer agreement prevails.

1. Loan Eligibility

Applicants must satisfy all of the following criteria before a loan application can be approved.

- Minimum applicant age: 21 years.
- Maximum applicant age at maturity: 65 years.
- Minimum monthly net income: 2,500 units.
- Maximum loan tenure: 20 years.
- Minimum loan tenure: 1 year.
- Maximum loan amount: 250,000 units.
- Minimum loan amount: 1,000 units.

Applicants must have held a continuous employment contract for at least 12 months, or have operated a registered business for at least 24 months. Self-employed applicants are assessed on their last two submitted annual accounts.

Applicants with an active delinquency on any retail product in the last 6 months are declined. A delinquency is defined as a payment that is 30 or more days overdue.

2. Required Documentation

The following documents must be submitted with every new loan application. Incomplete applications are held for 10 business days and then closed.

- Proof of identity: national identity card or passport.
- Proof of address: utility bill issued in the last 90 days.
- Proof of income: 3 months of payslips or 2 filed tax returns.
- Proof of employment: signed employment contract.
- Bank statements for the last 6 months.
- Signed credit agreement and direct debit mandate.

Self-employed applicants must additionally provide business registration certificates and audited accounts for the most recent financial year. Additional documents may be requested for loan amounts above 100,000 units, at the discretion of the credit officer.

3. Interest, Fees and Repayment

Interest is calculated on the reducing balance using a fixed nominal annual rate. The standard annual percentage rate for unsecured loans is 11.9 percent.

A one-off processing fee of 1.5 percent of the approved principal is charged at disbursement. The fee is deducted from the amount transferred to the customer, and no other origination charge may be applied.

Repayment is made through direct debit on the 5th of each month. Customers may switch to a quarterly repayment schedule by written request, and this request must be submitted at least 15 days before the next instalment date.

Prepayment is permitted at any time without penalty. Early settlement reduces the total amount payable by the interest that would have accrued on the early settled balance.

4. Insurance and Security

All loans secured against a property must be covered by a property insurance policy for the full duration of the loan. The policy must name the lender as loss payee and must be produced before disbursement.

Unsecured loans above 50,000 units require a credit life insurance policy that covers the outstanding principal in the event of the death or permanent disability of the borrower.

Collateral must be independently valued by an approved valuer. The valuation report is valid for 6 months from the date of inspection.

5. Service Levels and Escalation

Northwind Capital commits to the following service levels for retail credit requests.

- A credit decision is communicated within 3 business days of receiving a complete application.
- Disbursement occurs within 2 business days of the applicant accepting the offer.
- Complaints receive a first written response within 5 business days.

A customer who is dissatisfied with a complaint outcome may escalate it to the Head of Retail Credit within 30 days of the first response. The escalation is concluded within 10 business days.

6. Data Retention and Privacy

Application records and supporting documents are retained for 7 years from the date of the final settlement of the loan. Documents submitted with declined applications are destroyed after 12 months.

Customer data is processed only for credit assessment, servicing and regulatory reporting. Data is never sold to third parties. Credit information is shared with registered credit bureaus monthly.

Customers may request a copy of the personal data held about them at any time, free of charge, and may ask for inaccurate data to be corrected.
